2. Use the black arrow key buttons to move the puzzle piece towards its silhouette in the match-and-fit area.
3. When the puzzle piece matches up to its silhouette, press **BUTTON A** to lock it in.
4. If the fit is correct, another piece drops down the chute or the current puzzle will end (if it is the last piece of the puzzle).

5. If the fit is incorrect, a buzz will sound. Try again.
6. When all puzzle pieces have been played, Player #1's turn ends. Player #2 goes next, following Steps 1-5.
7. Players may proceed at their own pace. (The timer does not operate on Level One.)

8. Each player takes a turn at 3 Puzzles to make up a complete game.

Levels Two and Three

1. Puzzle pieces drop down the chute, one at a time, as the timer begins counting.

4. The computer makes its moves automatically, and can make mistakes and use up time.

SCORING

1. There is no scoring in Level One.
2. Perfect Fit points are automatically calculated for Levels Two and Three by the computer in the following way:
 - a. Level Two: The remaining time (in seconds) multiplied by 10 equals your points. So, if you have 30 seconds remaining, you earn: $30 \times 10 = 300$ points. If the remaining time is 1:10, which is 1 minute and 10 seconds, that is the same as 70 seconds. So, you earn: $70 \times 10 = 700$ points.
 - b. Level Three: The remaining time (in seconds) multiplied by 20 equals your points. So, if you have 30 seconds remaining, you earn: $30 \times 20 = 600$ points. If the remaining time is 1:10, which is 1 minute and 10 seconds, that is the same as 70 seconds. So, you earn: $70 \times 20 = 1400$ points.
3. Top scorers in the 1-Player and 2-Player games will be placed in the Hall of Fame.
4. If a computer player has a high enough score, it, too, will be placed in the Hall of Fame.

WINNING THE GAME

1. Level One: Fitting the puzzle pieces into all 3 silhouettes makes a player a winner.
2. Levels Two and Three:
 - a. 1-Player Game — Getting a higher score than in previous games makes a player a winner.
 - b. 2-Player Game — Solving all the puzzles in the least amount of time makes a player a winner.
3. If both players' scores are among the top 8 scores during that play session, both players have their names and scores entered in the Hall of Fame.

PRESS BUTTON TO CONTINUE

4. Scores remain in the Hall of Fame during one session of game play. The pages at the back of this instruction booklet may be used to keep a record of high scores.

5. After the Hall of Fame is viewed, players press any button to continue.

6. Players then can choose to play again with the same players at the same level or new players at a different level. Either player can use the up or down arrow key button to make that choice, then press any button to lock it in.
